REQUEST FOR CORRECTION OF FILING RECEIPT

Dear Sir/Madam:

The Filing Receipt for the above-identified matter
incorrectly indicates Applicant Greg Lyndon Summer's address as
Liverpool, Ukraine. In fact, the correct address is Liverpool,
United Kingdom, as indicated on the Declaration submitted April
11, 2002. Similarly, the Filing Receipt incorrectly indicates
Applicant Robin Riyadh Gibson's address as Chester, Ukraine. In
fact, the correct address is Chester, United Kingdom. A copy of
the Declaration is enclosed herewith.

The Filing Receipt also does not indicate that this
application also claims the benefit under 35 U.S.C. 119(e) of

provisional patent Application Serial No. 60/134,657.

The Filing Receipt also contains a typographical error in the Foreign Applications data. This application claims foreign priority of United Kingdom Application No. 991147513, not 991147513.

Accordingly, please correct the Filing Receipt to reflect the correct addresses for the Applicants, the domestic priority as claimed by the Applicant and the foreign application data.

A copy of the Filing Receipt indicating the requested corrections is enclosed.

Respectfully submitted,

Andrew G. Kolomayets

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
